

It is Emma's 1st birthday,
We are so glad you are here!
Please take a moment to write a note
For Emma to open in her 18th year!
Well wishes, memories or hopes for her future,
You can write whatever you want.
Just make sure that what you write
Comes directly from your heart.
Then seal it in an envelope,
And place it in the bowl.
We will keep it in a safe place,
And give it to her when she is 18 years old.
How special it will be for her,
Reading these notes 17 years from now,
To know how much love was in the room
When she turned one year old!
